

Information sessions

HeartKids is very excited to commence free monthly online Get-togethers and Education Sessions for all adults with Congenital Heart Disease or acquired heart disease during childhood and their family and friends.

You asked and we listened! At HeartKids we are responding to questions and comments that we have had from you.

In our first three sessions we are responding initially to; mental health, living with adult CHD during Covid 19 and finally just having a space to talk with and have fun with other adults who have CHD.

These will be held via Zoom technology. This software is easy to use and will allow us to hold our adult sessions nationally for the first time!! Additionally, with your consent, we will publish parts of the sessions on Youtube and on our HeartKids Website so everyone who wants to see them can access them.

Please RSVP to receive the zoom link and note your consent to film. Or, if you are unable to attend at that time please RSVP your interest and we will send you a link for any recordings or resources that are available

Session 2: Q & A session with Prof David Celermajer around Adults with CHD during COVID-19.

Recording from the Q & A with Prof. David Celermajer.

Session 3: Meeting other Adults living with CHD

Date: Friday November 13th

Time: 4pm

Topic: Fun!! This will be a chance to meet each other and have some fun. We are looking at on-line Bingo, Trivia or something fun. Any ideas email leah.stevenson@heartkids.org.au

RSVP: https://app.etapestry.com/onlineforms/heartkids/education_day-3.html
