HeartKids

The leading voice for CoHD

About Us:

HeartKids is Australia's only national organisation dedicated to children, young people and families impacted by childhood-onset heart disease (CoHD), providing information, support, connection and advocacy across every stage of their unique journey.

Our Purpose:

To ensure the one million Australians impacted by childhood-onset heart disease have a trusted source of information, support, and a voice to advocate for better health outcomes and help them live well.

Our Impact:

For nearly 50 years, HeartKids has ensured that children, young people and their families impacted by childhood-onset heart disease are informed, connected and supported from hospital to home and across every life stage. Grounded in lived experience, strengthened by clinical expertise and through meaningful advocacy, HeartKids helps shape research, policy and standards that will improve health outcomes for generations to come.
